

MERCHANTS SUGGEST A BIG CELEBRATION WITH AIRPLANE EXHIBITIONS AND PYROTECHNICS

At a special meeting of the directors of the Merchants of Ogden, held at the office of the association at 10 o'clock this morning, at which the following directors were present, it was unanimously resolved:

"That the association is in hearty accord with the idea of celebrating the driving of the golden spike in Ogden, and that the association favors making the celebration just as pretentious as available means and the time will permit.

"That the association favors a full two days' celebration, and that all of the \$20,000 furnished by the railroad should be spent in making the event a complete success.

"It is recommended to the Golden Spike committee that special committees be appointed as follows:

"A committee on decorations.
"A committee on airplane exhibitions.
"A committee on pyrotechnics.
"A committee on hotel and room accommodations.

"It is further recommended that the event of the celebration be extensively advertised through the Western Newspaper Union and other mediums, to the end that people all through the west, particularly, may have an opportunity to participate in this historic event.

The directors present were: J. S. Lewis, president; C. A. Nichols, P. T. Wright, John Culley, A. B. Foulger, J. W. Wilcox, J. S. Campbell, W. A. James.

PIONEERS TO BE BROUGHT TO OGDEN AT THE EXPENSE OF THE RAILROADS OF THIS STATE

At noon today the committee men, having in charge the outlining of the Golden Spike celebration, met at the Weber club.

Word was received from D. S. Spencer that the railroads would transport at the expense of the roads all pioneers living within the state who worked on the Union Pacific or Central Pacific in the construction days or who were present at the driving of the golden spike.

The entertainment committee has asked for \$5000, which is to be devoted principally to feeding and otherwise

causing for the old people who are to be guests of the city. The old folks are to be given a luncheon and dinner, souvenir badges, and are to be entertained in the evening at the Berthana. It is estimated that 1000 will be present.

The committee decided that the one-day celebration plan will not be changed.

Three bands will be brought here from Salt Lake, one from Logan and a total of six bands will be in the parade. John Culley is to supervise the decorating of the city.

MONEY FOR A ROAD TO YELLOWSTONE IS PROVIDED

Commissioners Morrow and Scott of Lincoln county, Wyoming, were visitors at the local forest service offices this morning with the view of obtaining federal assistance in the construction of the Hoback canyon road in Wyoming.

After their conference with District Forester L. F. Kneipp and District Forest Engineer J. P. Martin, it was announced that the forest service would appropriate \$50,000.

The state of Wyoming has contributed \$20,000 and several counties through which the road will run have set aside large amounts.

The visiting commissioners were eager to have the road completed this year. It was announced that an engineer of the United States department of public roads would commence the survey tomorrow morning and that all work that was possible would be accomplished this year.

Mr. John Hay of Rock Springs has contributed \$5000 for the road.

The Hoback canyon road when completed will offer an entrance into the Yellowstone national park from the east. It will probably be one of the most scenic routes to the resort.

Britain, with its more liberal form of government, won.

Miss Ida Wade gave a paper on the interests of Great Britain in Egypt, showing how Great Britain did not secure her interests there by militaristic or imperialistic efforts. Miss Della Goats gave a general summary of the books being read by the circle and Mrs. Arabella Anderson read the paper on current events.

At the next session of the circle the works of De Morgan, the English author, will be considered.

ROYAL NEIGHBORS.
The Royal Neighbors will entertain at a card party this evening at 8 o'clock in the I. O. O. F. hall.

MRS. MIDDLETON HOME.
Mrs. W. A. Middleton returned to her home in the Peery apartments Sunday morning after visiting for the past six weeks in Los Angeles, San Francisco and other coast cities.

The Civic League will meet with Mrs. J. W. Wintle, 878 Twenty-fourth street, Thursday afternoon at 2 o'clock.

QUITS EDUCATION, SELLS CIGARETS

Here's one Chinese girl who won't go back to China. She is Alice Lee, a Chinese student who came to the United States for the Chinese government to make a study of educational methods in the United States, including moving picture exhibition. After studying the picture she posed for several films. But one day she disappeared from the studio. Now she may be seen any evening selling cigars and tobacco at the Midnight Follies. She makes up to \$100 a week as a cigarette girl, and likes it much better than the prospect of returning to China.

VICTORY LOAN DRIVE MUST BE GIVEN A GREATER BOOST

The Victory loan committee announces that an intensive drive will be conducted this week in order to bring this county up to the honor mark. So far Ogden and Weber county have fallen behind in the buying of the notes. It is reported by the workers that many people who bought bonds in other drives seem to forget the fact that the war is not over.

CLARENCE MORRIS IS MADE BISHOP OF NEW WARD

At a meeting, held last evening at the Ninth ward meeting house in Ogden, of the church heads of Ogden stake of the Mormon church, it was decided to divide the present Ninth ward into two wards, the Ninth and Fourteenth. The meeting was also attended by members of the church who filled the edifice to its capacity.

Clarence Morris was chosen as bishop of the new ward and his counselors are James H. Harbertson and Thomas Parker, Jr. The members of the new bishopric were ordained at the close of the meeting by Apostle David O. McKay. Meetings of the ward will be held in the Ninth ward meeting house until such a time as a new meeting house may be erected.

The boundaries of the new ward are south of Thirty-fourth street and east of Washington avenue to Birch creek.

The resolution that the ward be divided was carried unanimously by the congregation, as was also the approval of the new bishopric.

Bishop W. O. Ridges presided over the meeting. In addition to Apostle McKay there were present, President L. W. Shurtliff and his counselors, John Watson and Alva Seville, Everett Neutobom, stake clerk, and members of the stake high council.

During the services a delightful program was rendered by the ward choir. Bishop Ridges stated that the ward had grown so fast during the past few years that it had become too large to be handled successfully and in the annual report of the bishopric it was suggested to the higher authorities that a division was necessary.

President Shurtliff presented the motion that the ward be divided and named its boundaries.

Apostle McKay, President Shurtliff, President Watson and President Seville all expressed their appreciation of the way in which church matters in the Ninth ward had been conducted and expressed their hope that the new Fourteenth ward would meet with as much success.

President Watson called attention to the fact that the church was organized in 1830 with only 36 members and that since that time had grown with exceptional rapidity. He stated that he believed in having small wards because it gave opportunities for more people to be called into active service, and it meant development and growth of spiritual endeavors.

President Watson told of the growth of the church in Weber county and in Ogden city. A few years ago there was but one organized stake of the Church of Jesus Christ of Latter Day Saints in Weber county. Today there are three stakes covering that territory. The original six wards of Ogden city have made such a rapid growth that today there are fourteen. Ten years ago the entire district south of Twenty-fifth street was included in the First ward. That ward has been divided into four new wards.

Apostle McKay stated that he had driven around the ward to-day and observed that the ward was divided, and found that the ward limits would make a good-sized stake. In calling attention to the rapid growth of the church, he stated that only a few years ago the Bear Lake stake covered the whole of Idaho, and that today 17 stakes were in that district.

In calling attention to the difficulties Paul found himself in before the gospel was preached in Europe, Apostle McKay said: "Man's exterminism is God's opportunity." If we eat, drink and rest, we will not find God. If we laugh out, in spite of difficulties, if our duty lies in that path, God will help us. Paul, he said, in spite of the "thorn in the flesh" went to Galatia and organized a branch of the church. Where the Lord wants us let us go, Apostle McKay said in referring to the assertion that he had been in vision to preach the gospel in Macedonia where he established one of the most thriving branches of the church in Europe. Similar things, he said, had been accomplished in latter days when the servants of the Lord have responded to the inspirations they have received.

When we follow in the line of our duty, he said, if you go and do as far as you can, God will help you through. In supporting the assertion that he had been in vision to preach the gospel in Macedonia where he established one of the most thriving branches of the church in Europe. Similar things, he said, had been accomplished in latter days when the servants of the Lord have responded to the inspirations they have received.

"All through the band dealings of God with men," the speaker said, "stand out instances like towering peaks showing how God will not fail us if we perform our duty."

WORLD'S MARKETS

NEW YORK, April 28.—The absence of disquieting foreign advices over the week-end gave fresh stimulus to the long sustained bull movement at the opening of today's stock market. Rails and oils were again the outstanding features, the former at moderate advances, while Royal Dutch issues extended last Saturday's substantial gains by additional advances of 4 to 5 points. Equanets, especially American and Baldwin Locomotives and Westinghouse also reflected further accumulation with Hide and Leather preferred, International Paper and rubbers. United States Steel eased a fraction and Mexican Petroleum reacted almost 3 points from its initial price.

The market became extremely unsettled later, heavy selling presumably for both accounts proceeding under cover of furious activity in a few stocks, notably Royal Dutch, Sinclair, Atlantic Gulf and equipments. Reactions of 1 to 3 points were recorded on some of these groups while steel and Mexican Petroleum displayed marked heaviness. Among rails reversals of 1 to 2 1/2 points in Southern Pacific, Reading and Texas and Pacific were the chief features. Trading was on a scale almost unprecedented for the current movement.

Tuesday We Inaugurate a Wonderful Sale on 400 Pairs Women's Pumps and Low Shoes

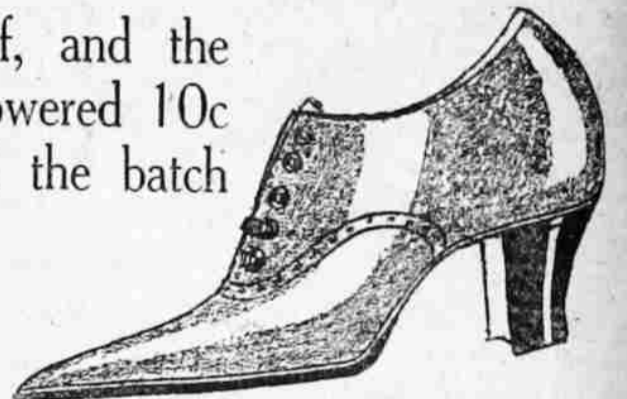

\$2.48 starts them off, and the price will be lowered 10c each day until the batch is gone

Here's The Story

This bunch of shoes is an accumulation of two or three seasons—there's no late ones in the lot. They're in our way and we don't want them around any longer so we're going to get rid of them in this novel manner even if we have to sell them for a song.

Important ANNOUNCEMENT In Thursday's Ad.

If there's any of these shoes left the latter part of the week, we have something good to announce for Saturday's buying. Watch for ad.

Satin and Canvas Slippers
White Kid Slippers
Most all sizes
Pumps and Oxfords
Sizes 2 1/2, 3, 3 1/2;
Vici kid, suede, patent colt skin, box calf; tans, black, grays; button and lace.

We have no way of telling just how long they will last—maybe a week, maybe not so long. But we advise you to be on hand early to insure good selection. Of course the price will be lower each day, but then the selection will not be so good. The longer you wait the less chance you will have of getting what you want. Outside of the white kid and satin slippers they are all small sizes—2 1/2, 3 and 3 1/2. In the white kid and satin there are most all sizes.

Bonds of the low grade rails were active and strong.

CHICAGO GRAIN

CHICAGO, April 28.—Prospects of enlarged receipts had only a transient bearish effect today on the corn market. On declines, the fact that the pit became bare of offerings made shorts scurry for protection, and led to a sharp upturn in prices. Besides, bullish constructions were generally placed on published statements of the director of the supreme food council. Opening prices, which ranged from the same as Saturday's finish to 2 1/2c lower, with July, \$1.68 1/2 to 1.69 and September, \$1.63 1/2 to 1.64 1/2, were followed by a material advance all around.

Oats showed independent strength. Sellers were scarce. After opening unchanged to 1c higher with July 72 1/2 to 72 1/2c, the market scored moderate further gains.

Provisions rallied with corn. At first, however, values were sharply lower owing to a setback in quotations on hogs.

July and September corn rose to the highest levels yet this season, but subsequent hedging sales and liquidation by holders brought about pronounced weakness. Receipts here were the largest in some time. Prices closed heavy 1 1/2 to 4 1/2c net lower, with July \$1.65 to 1.65 1/2 and September \$1.62 1/2 to 1.63 1/2.

Later the corn market sagged again when corn turned down grade. Besides experts for the week showed a falling off.

Prices took another upward trend at midday, although trading diminished materially. Shippings and steels, especially Marine preferred and Pacific Mail, were added to the list of strong stocks and equipments and low-priced rails and oils extended their gains.
